MILLER COMMUNICATIONS

We create, community and team collaboration, communication, development, management and training practices across cultures and industries.

Do What You Love

LEGO Meditation is a simple practice to help increase focus, inspiration and reduce fatigue.

Our teams have visited offices in Beverly Hills, Burbank, Hollywood, Koreatown, Long Beach, Los Angeles, Portland, San Diego, San Francisco, Santa Monica, Seattle and San Diego.

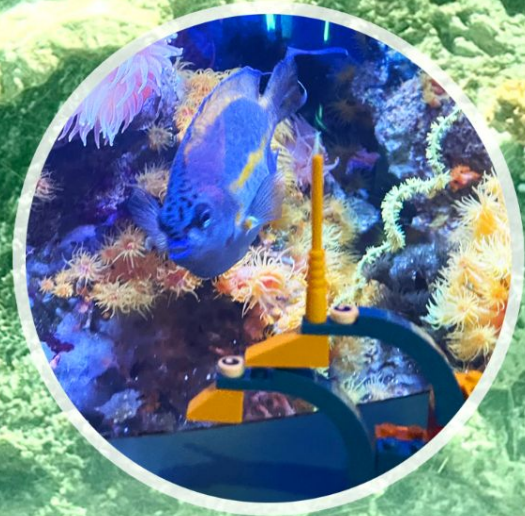

Oh boy, if only I had hands instead of flippers...then I'd be able to build with Lego!

In 2022, our team brought over 100 gallons of Lego to Everest Charter School located in Koreatown, Los Angeles.

Our team worked with over 200 students in grades K-8 building a Lego city that proposed solutions to homelessness, security upgrades, transportation, there was even a real life crisis when the city was destroyed in a natural disaster and had to be rebuilt, faster and better than the first time.

This curriculum and training involved the entire school including assistants, teachers and administration, no team member was left behind.
